

YOUR COLD EASED AFTER FIRST DOSE

"Pape's Cold Compound"
then breaks up a cold in
a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

The very first dose opens your clogged up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—in sist upon Pape's!—adv.

People Who Know

People who know, say that OZONOL is the very best and surest relief they ever found in the treatment of skin diseases and all inflamed or irritated conditions.

Ozonol is a pure, creamy white ointment, strongly antiseptic, cooling, soothing, penetrating and healing. It is perfectly harmless, therefore do not hide it from the child—n but teach them to use it for burns, scalds, cuts, bruises, sunburn, insect bites, colds, croup and many other ailments.

Men who are particular, find OZONOL delightful to use after shaving to prevent soreness, chafing or pimples.

25 and 50 cents at all drug stores or mailed to any address upon receipt of price in postage. Ozonol Chemical Co., Odessa, Mo.—adv.

Mountain Grove is to have another factory, which will employ several workmen. John A. Deans has bought an interest in the Crescent Electric Co., which has been located at Mansfield for about a year, and within the next two or three weeks its factory will be moved to Mountain Grove, occupying the second floor of the Wheeler garage building for a time. The company manufactures lamp sockets and other small electric fixtures and has more orders than it can fill with its present force and equipment. We are glad to see it come, and move a vote of thanks to Mr. Dennis for his activity in securing it.—Journal.

Catarrhal Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that can not be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.—adv.

March 15, the Mountain Grove postoffice will cease being a central accounting office for Wright county and the Mansfield office will thereafter report and obtain stamp supplies from St. Louis, which will be the accounting office for this place. There will also be an accounting office at Kansas City, making two for the state, instead of one for each county, as at present. Previous to the establishment of these county accounting offices now ordered discontinued, all postoffices reported direct to Washington and also obtained all supplies from that place.

When the bowels are constive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price 60c. Sold by Fusion Drug Co.—Adv.

GYMNASIUM DEDICATED.

"The finest gymnasium in South Missouri, outside of Springfield," was the verdict of Rev. C. B. Miller, pastor of the First Baptist church of Springfield, who delivered the dedicatory address of the new Mansfield, public school gymnasium Friday night.

The gymnasium is certainly a fine one and a credit to Mansfield. It is of ample dimensions, with a good stage and is electric lighted. It was constructed and fitted up at a cost of about \$3,000 and is a monument to the splendid school spirit of the Mansfield school district.

Following Dr. Miller's excellent address, Superintendent D. H. Kay gave a financial statement relative to the gymnasium and gave credit to our people for their assistance in the enterprise, special mention being given to the board of education and to John Raby and Snyder Craig for their untiring work in making this new building possible.

Preceding the dedication was a home talent "negro" minstrel, every number of which was vigorously applauded.

At 6 o'clock the domestic science class served a most appetizing banquet in the school building, the menu being panned chicken, hot biscuit, creamed potatoes, Boston baked beans, peas in patty shells, olives, pickles, perfection salad, ice cream, cake, cafe noir and mints.

The closing events were two interesting basketball games. The Mansfield girls won from Ava by a score of 12 to 14. Miss Edith Marshall being referee and D. H. Kay of Mansfield umpire. The Ava boys defeated the Mansfield boys by a score of 26 to 22; J. K. Arney of Ava was referee and Gorman C. Freeman umpire.

STOCK INCREASED.

The Mountain Grove Light and Power Company has increased its capital stock to \$300,000 for the purpose of constructing a dam, power plant and transmission lines, hydroelectric power for Mountain Grove, Willow Springs, Cabool, Mansfield and Gainesville, it is reported.

The dam and power plant is to be constructed at Double Springs, near Dora, in Ozark county, according to the plans of the Mountain Grove business men.

The company already has options on 136 acres of land in the county, including Double Springs, and have secured the permission of the county courts of Wright, Douglas and Ozark counties for the erection of the towers and transmission lines necessary to transmit power.

Several engineers have consulted in regard to the feasibility of the project and each has approved it, according to reports. Prof. Roodhouse of the engineering school of the University of Missouri estimated the flow of the spring at 220,000 gallons every twenty-four hours.

The Mountain Grove company that is backing the project is composed of L. H. Williams, J. A. Chase, J. Fred Ellis and E. J. Green.

PNEUMONIA AND FLU CURE.

I am sending you a cure for pneumonia which is being used with wonderful success by physicians on the Pacific Coast. In fact, the claim is made that a cure has resulted in every case where this remedy has been used in time. If you will publish this in the Mirror for the benefit of the public it may save some precious life.

Cure For Pneumonia and Flu. Ball of cotton 1 inch in diameter, saturated with grain alcohol and 3 drops of chloroform.

Grease patient's lips with vaseline and let him hold cotton between his teeth, inhaling the fumes for fifteen minutes, then rest 15 minutes. Change cotton every 7 or 8 minutes as the spirit dilutes the alcohol. Continue the treatment until patient breathes easily.—Mrs. Cora Martin.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in uric acid, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

J. W. Kennedy, of Wright county, called at the Herald office while in town Saturday and informed us that he has closed a deal for the large Swisher tract of pine and oak timber in the northeast part of the county, consisting of 2,200 acres. Mr. Kennedy stated that he would put in two well equipped mills and planers and work the timber up into first class lumber.—Houston Herald.

J. W. Kennedy has purchased a 5-ton Republic truck with a 6-ton trailer for use in hauling pine and oak lumber from the 2156 acre tract he recently purchased in Texas county. He has had numerous offers from various firms wishing to buy the lumber and says he can dispose of it to good advantage. He is sure some hustler and we hope to see him do well in this big lumber deal.

School Notes

Our banquet, minstrel and dedication program and basketball games were a success. Our gross proceeds were \$181.70. We wish to extend our thanks to the people of Mansfield in their hearty co-operation in making our school work a success.

Our basketball season will soon be over with and the boys are planning on having a track meet. We want our school represented at Springfield and the Southwest Track Meet.

We had an interesting game last evening, March 2, with Seymour. The score stood 45 to 7 in favor of Mansfield. The Seymour team was a fine bunch of boys but they lacked practice. G. C. Freeman refereed the game.

The agriculture classes are studying orcharding.

Miss Myrtle Williams entered school Monday. She adds another one to the freshman class.

The freshman girls have organized their basketball team and are doing some good practice work.

Ray Letsinger has reentered school after an absence of two months.

And They Were Wed

The wedding bells have rung and jingled near the Flat Rock school house, when Elmer King and Miss Susie Wilson were quietly married at the home of Thos. Slate and wife at high noon Thursday. Those present were the bride's parents, John Williams and wife, John Hendrick and wife, Miss Carrie Hendrick and wife, Mrs. Mame Hight, Mrs. Carter and family and Wade German. The attendants were Miss Sarah Gaskill and Wade German. We join in congratulations.

SOME HOG.

Norcross & Son recently refused an offer of \$1,000.00 for the herd boar of their fine herd of big-boned Poland China hogs. H. M. Norcross says it would take \$2,500.00 to buy this animal. He is said to be one of the finest hogs in the state and is from the leading Poland China blood lines, being related to the hogs that have sold for the highest prices. These people are to be congratulated for introducing into the Ozarks hogs of such excellent breeding and high quality, as it is proving an impetus to the breeding of pure bred hogs and is adding cash to the pocket book of every person who raises hogs from this line.
